Retirement funds sitting idly in the stock market?

- Have a dream to start your own business? Now you can put your money to work while living the dream!
- Why use the money in your portfolio to fund the businesses of other people?
- Why not use your money to invest in yourself? Buy stock of your own Corporation and create an enterprise!

Use your retirement funds to finance:

- your new business start-up,
- expand your existing business,
- buy into a franchise, or
- tap into the real estate market.

Using the IRS pre-approved ERSOP® Plan, you can rollover your retirement money to fund your business enterprise. It's NOT a distribution, you DON'T pay taxes on the money, there are NO IRS penalties, and it's NOT a loan.

Please call us or visit our website to learn how we can help you fund your business today!
